Grandma, you and I shared something no one else did! Those good old days you always talked about, mine are all with you! You encouraged and supported me in EVERY SINGLE THING I did in life. Through your love and example it made me the person I am. A person who always finds the humor, looks for the unexpected adventure, treasures family and never misses a chance to act like a goof! I miss you so much already!! I'll forever explore, I'll make my way around the country as you wanted. I'll have a bit of fried chicken in each of our fifty states if it takes me a lifetime, I'm going to make it happen! I'll never forget that God invented fingers before forks when wondering if eating something with my hands is acceptable...and if some lands on my shirt, I'll know it's just you making your presence known once more. I know you'll be with me forever. You promised to always come find me and I promised always to look out for your signs. I'll never stop. I love you forever!
